# Financial Assistance

If you're uninsured or have trouble paying for healthcare, Ascension may be able to help through our financial partnerships and resources.

Ascension Wisconsin offers a Financial Assistance program to assist qualified individuals in financial need. If you receive medically necessary care and show financial need, but do not qualify for other financial assistance programs, you may apply for financial assistance. Participants must meet specific requirements to qualify. Patients who are eligible for financial assistance will not be charged more for emergency or other medically necessary care than what persons with insurance would be charged.
